ACTIONS FOR BIODIVERSITY BY CITIES

Courtesy of ICLEI

22 MAY
INTERNATIONAL DAY FOR BIODIVERSITY

From Agreement to Action:
Build Back Biodiversity

- 1 Control pollution
- 2 Protect, connect and restore ecosystems
- 3 Encourage urban communities to experience nature
- 4 Protect urban wildlife
- 5 Prevent the spread of zoonotic diseases
- 6 Protect and plant endemic flora
- 7 Facilitate responsible consumption
- 8 Support a low carbon future
- 9 Share knowledge and learn from other cities and experts
- 10 Mainstream biodiversity values
- 11 Encourage healthy living
- 12 Improve access to and quality of green spaces
- 13 Invest in the bioeconomy
- 14 Encourage environmentally-conscious communities
- 15 Rethink urban mobility
- 16 Minimize waste
- 17 Raise awareness about biosafety
- 18 Practice and support sustainable procurement
- 19 Collaborate with environmental organizations
- 20 Promote the value of nature through communication, education and public awareness
- 21 Empower urban residents to take care of their community's nature
- 22 Celebrate Biodiversity Day!
